INTRODUCTION

IN presenting the eleventh volume of OUR SOCIETY BLUE BOOK we believe we have the full indorsement of those who are capable of a close and critical judgment, in pronouncing this work—in make-up, arrangement, typography and careful scrutiny—superior to any heretofore published.

No expense has been spared to make the work what it should be—a welcome visitor in every prominent household and social organization. The universal approbation and financial support given have enabled us to present an accurate and reliable BLUE BOOK. We have added several new features, viz., each department has a differently tinted enameled paper; the Club members are in capitals, and their business addresses are given; a special feature is made of the Ladies' Clubs of San Francisco; the permanent guests of the leading hotels and summer resorts; official plans of the leading theatres; and the Shopping Guide and Business Reference, which give the leading firms and professional people, classified and alphabetically arranged.

We take this opportunity to acknowledge with thanks the many suggestions and invaluable assistance given by our friends in the compilation of the BLUE BOOK, making it an authority and reference for those who belong to literary and social clubs, as well as to business organizations.

There is a Fixed

belief among experienced people that the best results in any line are obtained when the dealings of the buyer are with a firm of established reputation for good quality goods at fair prices. In no line is this conviction so thoroughly grounded as in that of drugs and medicines.

Prescriptions and other preparations compounded at Fletcher's Pharmacy are known to be dependable because this name attached to an article guarantees its purity and merit. If not satisfactory—money is cheerfully refunded.

Telephone at any time and your order will be promptly called for, filled and delivered without extra charge.

SAN FRANCISCO

Street and Avenue Guide.

To the Residence Portion of the City of San Francisco.

Explanatory.—On any street the relative location of any house in the residence portion of San Francisco is found by running down the column of figures, which are the numbers at the crossing of streets that intersect it. For example, to find 1820 Pine street, it will be seen that it is between Gough and Octavia, and on right hand side (all even numbers being on right hand side, commencing from Market street). Again, 1719 Jones is eighteen blocks from Market, between Broadway and Vallejo; it being an odd number, is on left side of street.

NOTE.—Each block is allowed 100 numbers. The cross streets which have no bearing on numbers have been omitted. The *even* numbers *only* are shown, the *odd* numbers being on opposite side of the street.

BOARDING AND DAY SCHOOL For Young Ladies

THIS School, favorably known throughout the Pacific Slope for the past twenty-one years, is now located in its new home on the northeast corner of California and Buchanan Streets, provided with every modern convenience for school and home comfort. It prepares its pupils for the University of California, and the Leland Stanford Junior University, to which Institutions any graduate of the School is admitted on the recommendation of the principal.

It also gives thorough preparation for any Eastern College admitting women.

It is a complete finishing school for those who do not wish to attend elsewhere.

Diplomas are given to those who complete any of the courses of the Academy, or those of the Conservatory of Music, for which the School provides a faculty of twenty-three instructors of culture and experience. The School accommodates thirty young ladies as home pupils, giving to them every care and city advantage—opportunity to see and hear all that tends to culture and refinement

The Primary Department, to which boys are admitted, is a model in its way and for the little ones of this Department the School will send its carriage when requested.

WHERE QUALITY REGULATES PRICE

THE quality of anything invariably regulates its price. It is a reasonable presumption that, all else being equal, the thing which costs the most is the best. This is particularly true of Champagne, the wholesale prices of which are regulated for the entire world by the London market, in which the greatest connoisseurs and most discriminating judges are engaged. Here Pommery invariably sells at a higher price than other Champagnes. This is proof positive that it is considered by the best judges to be superior. In America its retail price is usually the same as other brands, but those familiar with the facts appreciate that they are getting better value for their money if they order Pommery. Tourists to the Continent of Europe observe that Pommery invariably commands a higher price at the better hotels and resorts. Messrs. Veuve Pommery, Fils & Co., Reims, France, always reserve large quantities of the best vintages for the American and English markets. This celebrated house is now shipping a vintage to this country which has won great favor in England, where it is described.

Hotel Del Monte

A SUMMER AND WINTER RESORT

Tavern of Castle Crag

A NOTED SUMMER RESORT

Hotel Del Monte

Few great watering places are called upon to adapt themselves to the varied requirements of seasons, such as are implied in the proud distinction, "Open all the year round."

Hotel Del Monte is one of the few, and admittedly the leading one of the world. It is so favored by nature that it is always attractive, and its varied social lines from one season to another are a most interesting study.

The holiday season, when many great resorts are buried in solitude, snow, and like forbidding environments, is exceptionally brilliant at Del Monte. The first society of neighboring cities and some from abroad assemble there for a week or two of delightful festivities.

The weeks that follow, far into the Spring, witness a lively flow of Eastern and foreign visitors, many of whom have come to regard Monterey as the mecca of their annual pilgrimages.

In summer, when all California goes outing, Del Monte is the refuge of hundreds of society devotees who seek restful quiet—and for just the rest that is most refreshing and beneficial, no place could be better suited. The atmosphere is pure and balmy, and there is much to entertain that does not fatigue.

Autumn at Del Monte is anything but sombre. Its early rains have cleared the air and settled the dust on its beautiful drives. Coaching and lunch parties, and other forms of out-door recreation are of almost daily occurrence.

But Del Monte is always a paradise, whether in winter or in summer, and its seasons differ from each other only as one star differs from another in glory.

Tavern of Castle Crag

The Tavern of Castle Crag is a mountain resort pure and simple, but enjoys the enviable reputation of being the leading one of its kind in the West. Being under the same ownership as Hotel Del Monte it naturally follows that only the best is considered in its maintenance, and visitors are always assured of first class entertainment.

Its location is one of its foremost charms. It is one thing to be merely in the mountains, but it is quite another thing to be in the great Shasta mountains comfortably housed at the Tavern. When the builders selected the site it was not merely with reference to room for hotel and grounds, but quite as much with reference to picturesque surroundings and convenient communication with neighboring attractions. With the frowning crags on one side, majestic Shasta on another, and the entire surrounding scene a panoramic succession of nature's sublimest moods, at first it palls on the senses, then it excites awe, and soon one's whole attention is absorbed in wonder and admiration. The scene never tires and never grows commonplace.

The builders have beautified the immediate surroundings surprisingly and made comfortable trails to a great many points of local interest in the vicinity. Resorts of note, first class hunting and fishing, and mountain climbing to suit any taste are within easy reach. Excursions to Mt. Shasta are frequent, and the ascent of the precipitous Crags is quite the thing.

The Tavern itself is a creation of rare interest. It is so roomy and cheerful, and there is such an easy, comfortable presence about everything. It is open about four months during the summer, but a taste of life in the Shasta mountains under such delightful conditions is ample reason for its existence.

THE "ORIEL"

JOHN T. SULLIVAN - - - MANAGER

The "ORIEL" 1904 Market Street

Junction Page and Franklin Streets,

SAN FRANCISCO

First-Class Family Hotel

Thoroughly renovated throughout. Porcelain lined baths. Elevator. Electric bells. Fire alarm in every room. Elegant suites of rooms, fronting on Market Street. Haight, Castro and Valencia Street Cable Cars pass the Hotel continually, direct from the ferry.

Announcement

It affords much gratification to announce to my friends and former patrons, as well as the general public, that I have opened the Oriel as a select Family Hotel. This elegant and popular Caravansary has been newly painted, decorated, and thoroughly renovated.

The table will be most luxuriously supplied, and there will be nothing wanting to make it a delightful place of residence, with nothing of the stiffness of the ordinary hotel, but with all the comforts of the most refined home.

The Oriel is located at 1904 Market Street, on the gore with Page and Franklin. The Haight, Castro, and Valencia Street cars pass it every few minutes, giving easy access to all parts of the city, north, east, south and west.

It is located in the "warm belt," on a very gentle slope, insuring good sewerage and an excellent view of all parts of the city.

Having had an experience of twenty years in keeping large hotels and sea-side resorts, I will endeavor to make the Oriel a popular resort for the stranger within our gates and the refined people of this Metropolis.

The Value of Advertising depends upon two Things:

2 Points

The class of people who read the announcement

—AND—

The circulation of the medium through which it is made

The Examiner

Submits for your consideration TWO FACTS—

FIRST—That it reaches the great buying class of San Francisco and the Coast—the live enterprising people who read advertisements and take advantage of the offerings made by advertisers

SECOND—That its circulation exceeds that of any other San Francisco daily paper by at least 12,000 to 15,000 copies per day

These are simple propositions, both capable of demonstration, and together worth your most careful consideration. Though "The Examiner's" advertising rates appear to be high, the fact that the paper reaches the people, and more of them than any other medium, and that the class of people reached is the buying class, renders it the medium par excellence for the retail dealers of San Francisco.

..Selborne School for Boys..

SAN RAFAEL, CAL.

This School changed hands in January of last year, and under the able management of the present Principal, Rev. Chas. Hitchcock, B. A., Cambridge, assisted by an efficient staff of resident masters, is rapidly increasing in numbers.

There is a splendidly equipped Gymnasium; out-door games are given every encouragement, the Principal believing that boys interested in healthy recreation will keep out of mischief. A good base-ball team was the result during the first part of the year, and during the latter half a football coach was engaged from Berkeley, and a splendid team put into the field.

Games, however, in no way interfere with work. Long years of experience have confirmed the Principal in his plan of individual instruction and the careful grounding of young boys, and this individual instruction is continued till the pupils graduate.

The course of study is based upon the requirements of the Universities of California, but boys are also prepared for Eastern Colleges. In 1898 two pupils, while still at the school, passed all their entrance examinations for Harvard.

While Selborne is in no sense sectarian, and boys of all denominations are to be found at the school, special attention is paid to moral and religious training.
